Emulsifier

AROMATIC BAKESOFT PF

A palm oil free, vegetable emulsifier for yeast-raised products. Bakesoft makes your dough tolerant and pliable with excellent gas retention properties. The crumb gets elastic and the emulsifier keeps the bread soft. It is entirely produced from raw materials other than palm. The emulsifier is suitable for all kinds of yeast-raised bread such as white bread, hamburger buns, brioches, sweet dough, croissants and Stollen. It can also be used in dry biscuits, rusks and grissini for improved crispiness.

The dosage is only 1,5-2% on flour weight.

PRODUCT INFORMATION

Art nr: 223316/223312/223319

Packaging: 9 kg, 18 kg, 28 kg pail

Shelf life: 12 months

Storage: Recommendation 10-18°C
