## TOP-CLASS FLAVOURS

In our wide flavour range you will find high quality flavours in a number of different flavours and compositions. Our flavours are created with the goal of giving the consumer a taste experience beyond the ordinary.

The raw materials for our flavours come from across the world and we set high demands for a great quality product. In our production, certain raw materials are refined further to give the product a greater taste. The quality of production is carefully controlled both during and after the manufacturing process.

*Produced  
in Sweden.  
Sold worldwide.*

## WHY YOU SHOULD CHOOSE AROMATIC FLAVOURS

- Dissolves quickly due to the liquid consistency.
- Bake and freeze stable.
- Fat and water soluble.
- Wide range of flavours and compositions.
- Specially selected raw materials from the whole world's pantry.
- Available in different variants of packaging.

*Psst!*

**683011**  Packaging: 4 kg plastic can

### AROPRO STRAWBERRY

**682011**  Packaging: 4 kg plastic can

# SAFFRON

Aromatic saffron extracts are based on genuine selected raw saffron of high quality. Through a unique extraction process, the over one hundred aromas and flavours that are found naturally in saffron are enhanced. Which as a result gives the extract both an intensive colour and a natural, rich taste.

## SAFFRON THREADS

Saffron threads of the highest quality. Aromatics Saffron Threads is our most exclusive saffron product and suits the bakers that want to make their own extract. Here we have selected the best of already top-rated saffron. It is characterised by its long fine threads with a deep red colour and intense flavour.

**603811**  Packaging: 0,15 kg can, 0,5 kg bag  
**603810**

## SAFFRON EXTRACT

This saffron extract contains raw saffron which is enhanced with flavouring agents. The extract gives the baked goods a classic taste of saffron and also a beautiful colour. The viscous consistency makes the product easy to measure out and it spreads out evenly.

**604014**  Packaging: 12 kg (12x1 kg bottle)  
**604013** 6,8 Kg (4x1,7 kg) pail in carton

## SAFFRON EXTRACT DUO

Saffron Extract Duo contains genuine raw saffron that is fortified with flavourings and syrup to give an intense saffron flavor. The final product gets characteristic taste and beautiful color. The paste with its straws in it is easy to dose and it is easily distributed regardless of the use.

**604713**  Packaging: 12 kg (12x1 kg bottle)  
**604712** 5 kg plastic can

## NATURAL SAFFRON EXTRACT PLUS

Our Natural Saffron Extract Plus contains raw saffron and has a sweet and elegant taste. The baked good gets an extra intense and beautiful yellow colour. The product is easy to measure out because of the viscous consistency. The product is free from e-numbers.

**604413**  Packaging: 12 kg (12x1 kg bottle)

*Aromatic*

## *Did you know?*

- 14 day harvesting period, which takes place between October and November.
- 300 tons is the complete global production.
- 200,000 flowers are needed to manufacture 1 kg of dry packaged saffron.
- 95% of all saffron comes from Iran.

# COLOURS

Food colours with natural dyes that are neutral in taste and provide beautiful colouring of marzipan, fillings, creams and other kinds of pastries. Can be used for both unbaked and baked products.

## NATURAL AZO-FREE COLOURS

### BLUE COLOUR

**652011**  Packaging: 5,4 kg (6x0,9 kg bottle)
