SAFFRON

Aromatic saffron extracts are based on genuine selected raw saffron of high quality. Through a unique extraction process, the over one hundred aromas and flavours that are found naturally in saffron are enhanced. Which as a result gives the extract both an intensive colour and a natural, rich taste.

SAFFRON THREADS

Saffron threads of the highest quality. Aromatics Saffron Threads is our most exclusive saffron product and suits the bakers that want to make their own extract. Here we have selected the best of already top-rated saffron. It is characterised by its long fine threads with a deep red colour and intense flavour.

603811
603810

Packaging: 0,15 kg can, 0,5 kg bag

SAFFRON EXTRACT

This saffron extract contains raw saffron which is enhanced with flavouring agents. The extract gives the baked goods a classic taste of saffron and also a beautiful colour. The viscous consistency makes the product easy to measure out and it spreads out evenly.

604014

Packaging: 12 kg (12x1 kg bottle)

SAFFRON EXTRACT DUO

Saffron Extract Duo contains genuine raw saffron that is fortified with flavourings and syrup to give an intense saffron flavor. The final product gets characteristic taste and beautiful color. The paste with its straws in it is easy to dose and it is easily distributed regardless of the use.

604713
604712

Packaging: 12 kg (12x1 kg bottle)
5 kg plastic can

NATURAL SAFFRON EXTRACT PLUS

Our Natural Saffron Extract Plus contains raw saffron and has a sweet and elegant taste. The baked good gets an extra intense and beautiful yellow colour. The product is easy to measure out because of the viscous consistency. The product is free from e-numbers.

604413

Packaging: 12 kg (12x1 kg bottle)

Did you know?

- 14 day harvesting period, which takes place between October and November.
- 300 tons is the complete global production.
- 200,000 flowers are needed to manufacture 1 kg of dry packaged saffron.
- 95% of all saffron comes from Iran.

Aromatic
