## BAKELS CHOCKEX COMPOUND COATING

**Chockex** is an effective alternative to chocolate and is suitable for all applications where you want a taste, look and mouthfeel alike to chocolate. The advantage of **Chockex** is that, unlike chocolate, it does not contain cocoa butter, which makes it easy to use as it does not require any tempering.

Our **Chockex** range consists of several different colours and tasty flavours with the optimal consistency and viscosity.

**Chockex**, in addition to dipping and coating, is also suitable for decorating and moulding. It gives a delightful shine with a hard snap, just the way you want it. With the products formulations, quality-assured production in our factory in Sweden, we dare to promise you that the product will take your pastries and confectionery to the next level.

*Made in Sweden*

## MANUFACTURED IN GOTHENBURG

Our **Chockex** range is manufactured in Sweden, something we are really proud of. We know that you need products that you, with confidence can rely on. That is why we take great care in everything we do, from the selection of raw materials to the final quality control before the product is finished.

# THE RIGHT CHOICE FOR INDUSTRIAL USE

Bakels **Chockex** is an excellent choice for industrial production. The products versatility and stability simplifies and increases the cost-efficiency of your production. With product development being in close proximity to production, we have the ability to adapt the product to meet your specific needs.

So, have you got a specific requirement, challenge us, we can help you!

*Psst!*
